

# WHY ARE MINNESOTA TAXPAYERS SUBSIDIZING THE TRIBE THAT OWNS MYSTIC LAKE CASINO (SMSC)?

2024-2025

2025-2026

## DID YOU KNOW?

The State of Minnesota gave members of the Shakopee Mdewakanton Sioux Community (SMSC) more than 9 times in rebates/aid from taxpayer funds in 2024-2025 than you. This amount will double in 2025-2026 AND you continue to pay taxes.

SMSC received this aid even though they were “believed to be the richest tribe in American history as measured by individual personal wealth: Each adult, according to court records and confirmed by one tribal member, receives a monthly payment of around \$84,000, or \$1.08 million a year.” (“\$1 Million Each Year for All, as Long as Tribe’s Luck Holds” | The New York Times, 8/9/12)

We believe that these figures have increased significantly over the past 12 years.

Why are taxpayers subsidizing the SMSC when they are making over \$700 million a year and paying no state or federal income tax?
